ACTION ALERT
Will you answer The National Call to action?

Launch of the 1st Edition of...

The National Call **NEWSWIRE**

Welcome to our inaugural issue of the National Call **NEWSWIRE**, published monthly, summarizing what we've covered on The National Calls within the prior month. We hope you like this format and welcome any comments for improvement. Do share this **NEWSWIRE** with your lists so that they also are informed about our current news and alerts. The recordings are sent out separately to those subscribed to The National Call and are copyrighted.

Join us on our National Call meetings, Fridays 1-3 pm!

Hear presentations, latest news on cell towers, smart meters, international news, and more...
We support each other!

Other meetings:

Thursdays 12-1pm Smart Meters, 4-6pm Federal Bills and Fridays 4-5pm EMS

Quote of the Month

“Connecting with others (like this group) builds resilience and helps us all. We’re all part of an amazing, vibrant and heartfelt movement. That’s us! Thank you everyone.” Sidnee C. (CA)

SUCCESS STORIES !

COUNTING VICTORIES EVERY STEP OF THE WAY!

CITY COUNCIL DENIES CELL TOWER PRESCOTT, ARIZONA

“It was a great win! Our voices were definitely heard!”

Deb M., Yavapai4SafeTech

Residents, consulting attorney **Andrew Campanelli**, diligently worked on preventing a 100ft + tower from being installed on state-owned, Indian Hill. Read more... <https://az.childrenshealthdefense.org/home-page/yavapai4safetech-and-local-residents-stop-an-att-cell-tower-in-prescott-az/>

WHERE’S THE DATA?

“Where’s the proof of dropped call data (not just propagation maps), and that it will not have a negative aesthetic impact or reduce property values?” Telecom carrier said info was proprietary and provided no proof: <https://prescottaz.portal.civicclerk.com/vvent/80/files/attachment/1253>

[p.p. 1-27 emails opposing the cell tower,]

[p.p. 28-57 full document drafted by Andrew Campanelli, Esq. opposing the cell tower]

[p.p. 58-146: Exhibits (residents’ letters and photos, real estate professionals’ letters)]

“COURT OF APPEALS UPHOLDS DENIAL OF CELL TOWER PERMIT” **Julia Potter 10.01.19** CEDARBURG, WISCONSIN

“In recent case, Eco-Site, LLC v. Town of Cedarburg, 2019 WI App 42, the Wisconsin Court of Appeals upheld a municipality’s decision to deny a permit to Eco-Site, LLC, a wireless infrastructure provider seeking permission to construct a cell tower on private, rural land.” Read more... <https://www.boardmanclark.com/publications/municipal-newsletter/court-of-appeals-upholds-denial-of-cell-tower-permit>

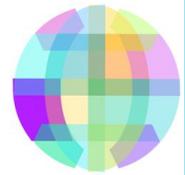

WISCONSIN FARMER WINS STRAY VOLTAGE CASE AGAINST XCEL ENERGY!

ACTION ALERT!

THE ONE NAME PROJECT

Be a part of the ongoing, evolving conversation to put EMF-related illness on the map!

“A global endeavor that will kick-start a new era for the EMF-Disabled. There are millions of us now, and yet our powerful messages to the world are being diluted by a multiplicity of terminologies... we are standing on the precipice, knocking loudly at the door...”

If we want that door to swing open, we must come together as one.

“From one name flows everything.”

CITY COUNCIL POSTPONED VOTE ON PROPOSED ORDINANCE

ASHLAND, OREGON

Kelly M. introduced **Odette Wilkens** to speak at City Council Meeting to obtain more expert advice on drafting a wireless ordinance.

OPTING OUT OF WATER METERS

SEBASTOPOL, CA

Sarah A. reports that EMF Safety Network went door-to-door with flyers and were successful getting some residents to opt out of the smart water meter!

BLOCKER BOX

SANTA ROSA, CA

Sidnee C. constructed a blocker box to cover the router in a 2nd grade classroom.

THE IRREGULATORS

FILED SUIT

Filed suit regarding taxpayer subsidies given to telecom to build out fiber to the premises which, apparently using FCC accounting rules, were then allowed to be used for their wireless enterprises. The court ruled that states have the right to apply their own accounting rules, meaning that state Attorneys General may investigate. <http://irregulators.org/>

AMERICANS FOR RESPONSIBLE TECHNOLOGY (ART)

Developed successful pilot in Port Washington school to get rid of Wi-Fi and have wired connection for grades 2 through 4. It's called "Spider" and has 7 ports with an internet switch. Master cord - ceiling mounted - zero weight cord that you can pull it down or push back up. Also, an ethernet cord can sit on the floor w/o tripping over it. Cost \$16,000 to make 10 spiders. Students use round tables or geometric tables - better for learning.

LYNBROOK, LONG ISLAND, NY

Barb P. reports that a school in Lynbrook reduced Wi-Fi radiation.

CELL TOWERS

ONGOING EFFORTS TO STOP CELL TOWERS!

- **Heather B.** of Franklin, TN reported on parent groups dealing with cell towers being put up or proposed at schools
- **Sidnee C.** of Santa Rosa, CA reported on large opposition to Verizon cell tower at city council meeting
- **Sheera A.** of Wanaque, NJ reported on a proposed cell tower near a school and town board meeting in mid-January
- **Belmar, NJ** opposing 5G towers on the boardwalk
- Montclair, NY opposing 5G towers and working on an ordinance
- **Ashland, OR** opposing 5G towers and working on an ordinance

LED LIGHTS

BIG NEWS!

Mark Baker, mbaker@softlights.org of the Soft Light Foundation filed a federal lawsuit against the US Food and Drug Administration for failing to protect the public from the harms of LED light:

ACTION ALERT!

FEDERAL BILLS ARE MOVING QUICKLY!

Threaten to take away local control...
What you can do about it

Call today!

Capital switchboard

202-225-3121

Or find your elected officials here

<https://www.usa.gov/elected-officials?ifra>

ASK

for your elected official, then for the telecom staffer or scheduler to arrange for a 30 minute meeting

Parks/national forests bills, start with a health environmental staffer For farms, start with an agriculture staffer

COORDINATE

with Odette Wilkens (The National Call Chair) and Charles Frohman (The National Health Federation) who will present on bills

INVITE

other constituents, your elected, and local officials to join meeting,

SOFT LIGHT FOUNDATION <https://www.softlights.org/>

- LED flicker is not disclosed and can trigger migraines and seizures. A meter can measure the flicker:
<https://www.sensora.com/lightbee.html>
- Strength of LED lights are not monitored - light poles have 100,000 candela/square meter, car headlights have 70 mil candela/square meter,
- 1 candela/square meter is considered safe

Products are becoming available only with LED, e.g., Apple computers. Computers should have LCD with incandescent light

- Incandescent bulbs might be found under the name “rough service lights.” Refrigerator lights are still incandescent

- **“RAINBOW LORIKEETS DROPPING FROM THE SKY,”**
Arthur Firstenberg
Hundreds of lorikeets, exotic rainbow-colored parrots, were reported falling from the sky along the coast of Brisbane, Australia. Is history repeating itself...once again, trying to tell us something? In 2019-20, many lorikeets fell from the sky when the first 5G towers were activated - close to 1,500 of these birds, later noted as having the mysterious ‘Lorikeet Paralysis Syndrome.’

AGRICULTURE

Will Winter, holistic veterinarian and an expert on wireless health impacts, along with Dan Stachofsky, study how wireless affects farm animals and how mitigation devices counteract EMFs, with demonstrated results on animals and plants (works on bio-photon level), <https://essentialenergy.solutions>. Will is also Director of Farm to Consumer Legal Defense Fund. Benefits of working with FARFA and Farmers' Union (become a member).

Mennonites and Amish are becoming sick from cell towers near their areas. Will also helped on NHF's Safe Food campaign, <https://thenhf.com/campaigns/>

FEDERAL

FILINGS

BILLS

Are moving fast! See **ACTION ALERT** for what you can do! Your elected will be hearing the issues for the first time, so *be patient, repetitive* and *persistent*. While emailing/signing petition is good, it's insufficient. *Follow up with phone calls, meetings, and thank you/informational follow ups*. Fridays are when your legislators are often in their district.

COALITION BUILDING

Subscribe to Charles Frohman's monthly Zoom at National Health Federation

which is also alerting its membership on wireless hazards <https://thenhf.com/join-us/e-newsletter-sign-up/>

COURTNEY GILARDI, Pittsfield, MA

We are calling all the children who have either been injured by a cell tower, or care about the cell tower/EHS issue who would like to be interviewed for a youth roundtable discussion.

Please send names to: courtneygilardi@yahoo.com

FCC measurements on FCC limits only measure short term heating, averaged over 6 minutes for the public and 30 minutes for occupational workers; does not measure long term effects, duration, or modulation of exposure to wireless radiation. Countries with better laws for transparency: France and Switzerland.
