Verizon cell tower stopped!

Lisa S., a Certified Building Biology Electromagnetic Radiation Specialist – EMF Wellness Tucson, reports that a Verizon cell tower was close to being approved on the grounds of a local school. However, one of the Board members alerted someone in her activist community.

She shared, "Over the last few days, people from different groups and individuals stepped up in writing comments and turned up at the meeting where the vote was to take place...Robert Berg helped us figure out what was going on... So, HOORAY! We finally stopped a cell tower!"
