Advocacy

[704 No More](#) is looking for plaintiffs to challenge Sec 704 of the Telecom Act which does not allow

towers and zoning rules for schools and green areas. Hawai'i Telecom has plans to make Hawai'i State fully wired by 2026. Kudos to Debra Greene, Hawai'i Safe Tech and Environmental Health Trust.

epidemiology suggest EMR causes Alzheimer's, including early onset.

claims for personal injury from wireless radiation if telecoms are within the FCC emission limits for human exposure.

“

“The passage of Bill 24 is a notable victory because, to my knowledge, Hawai'i County, with a population of over 200,000, is the largest community in the U.S. with 600-foot installation setbacks.”

~Environmental Health Trust, Zoe Berg, Legal Fellow

(AWeber Clip)

The National Call argues against the **Big Beautiful Bill's Forest of Antennae**

The **National Call** submitted comments on HR 1, the “One Big Beautiful Bill Act” to the U.S. House Energy & Commerce Committee and the U.S. Senate Commerce Committee. The Act's §40002 gives the FCC spectrum auction authority. With §40002, an **unlimited** amount of antennae can be added to existing antenna structures, without public notice or approval under Sec 6409 federal preemption (47 USC 1455). **The National Call's** proposed language would have made the FCC's auction authority **contingent** on its compliance

with the 2021 federal appellate court remand order to review the current science in its dockets. This science shows biological effects within the FCC's current wireless limits. HR 1 did pass and is now law without any changes to §40002. Nevertheless, we press onwards.

Wi-Fi Repeaters mandated for safety in Construction

A new construction rule will be adding more Wi-Fi to your life in the name of safety. The National Fire Protection Association and the International Fire Code are used by most local authorities. [NFPA Rule 72](#) will go into effect this year. It calls for [Distributed Antenna Systems \(ADS\)](#). NFPA dictates 99% coverage in areas designated by your local fire department. (Other areas will get 90% coverage.) Fiber systems are possible, but are being discounted.

COURTS & THE LAW

AK Residents of **Sitka, Alaska** are fighting six cell towers, one of which would violate their town's height ordinances, with the help of Sitka for Safe Tech and CHD's Stop 5G Initiative. The case is now before the State of Alaska's Office of Administrative Hearings.

CA **Nevada County** invited citizens to help update their 20-year old cell tower rules. New rules include bigger set backs, more notice to property owners and increased analysis of cell proposals.

HI **Hawai'i County** Council established different requirements depending on zoning districts. General setbacks were 120% of the tower's height, and at least 600 feet from any residence or school.

IA **Hancock County** heard citizens' concerns about a new tower in Sugar Creek Township that will go up near a preserve, a school and residences. Officials expressed concern about liability.

MI A **Benzie County** cell tower dispute between two cities will be heard in circuit court. The city of Frankfort built the tower on land they were deeded in Crystal Lake Township. The dispute was started by residents expressing health concerns in a Feb. meeting.

MA On June 16, the city of **Pittsfield, MA** celebrated its 2nd annual Electromagnetic Hypersensitivity Day. Pittsfield has been consulting with Dr. Magda Havas.

WY **Laramie County** residents are angry about the approval of the 150' tower near Iron Mountain Road. Officials argued that the tower uses fiber and is very much under allowed radiation levels.

FEDERAL BILLS

Are moving quickly, threatening to take away local control! [Join our Federal Bills Call Thursday 2-3.](#)

WHAT YOU CAN DO TODAY!

Schedule 30 min. Zoom Meeting ASAP!
[Find your legislature](#)
or [Enter your zip code](#)

COORDINATE WITH ✓

Odette Wilkens, Chair of the National Call and Charles Frohman, The National Health Federation
They will present federal bills.

CALL ✓
CAPITAL SWITCHBOARD
202-225-3121

ASK ✓
For your Elected Official, then
Ask for the Telecom Staffer
if n/a then the scheduler.

Purpose of call:
Your name...
"I am a constituent and would like to discuss wireless bills & bridging the digital divide."

INVITE ✓
Other Constituents, Local Officials, City Council Members, Mayor

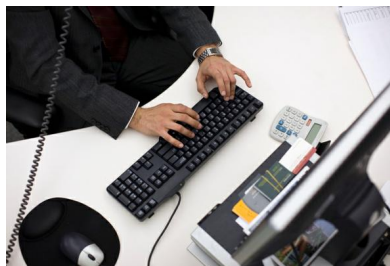

CONNECT WITH ✓
Folks in your adjoining state districts, and neighboring states to contact their electeds

FOLLOW-UP ✓
Charles will do an email follow up with the staffer with target points from the meeting. REPLY ALL on the same email chain with YOUR issues and/or injuries, cell towers proposed or constructed and how they adversely affect your life.
Concise works best!

THE GOAL
Build a relationship as a resource for Staffers and Electeds

SCIENCE & MEDICINE

A study approved by MGM Institute of Health Sciences found that [higher levels of radiation were associated with poorer outcomes for cognitive domains of development](#) such as problem solving, and personal-social areas.

ADVOCACY & EDUCATION

The EMF Guy calls out top MAHA leaders for not being informed or sufficiently concerned about EMF. Comparing what RFK said he would do in 2023 and what is happening now.

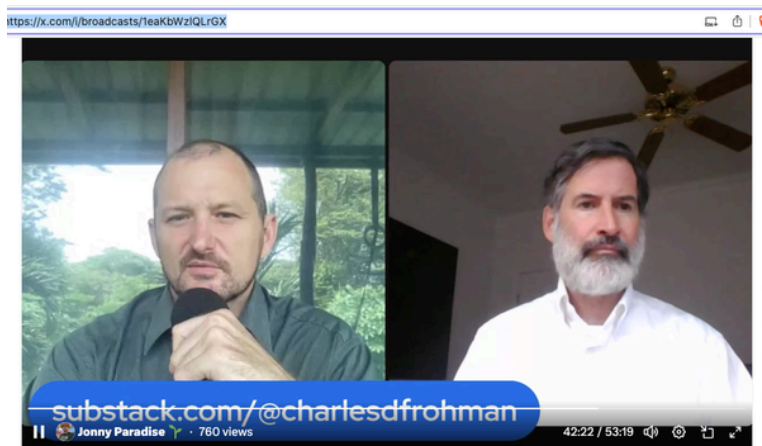

New Education Website

Do you want to talk to other people with EMR-S syndrome?

The One Name Project is transitioning to a new organization called Electromagnetic Radiation Syndrome (EMR-S) Alliance to provide community, disability support and health information for EMR-S sufferers.

Charles Frohman from the National Health Federation was interviewed by [Jonny Paradise](#) on what the Big Beautiful Bill will do with its forest of towers.

[Massachusetts for Safe Tecnology](#): Safer Tech in Schools event. July 31st.

Americans for Responsible Technology FDA Petition: The FDA is ignoring the law. Back in 1968, Congress passed Public Law 90-602, "***An Act to Amend the Public Health Service Act to provide for the protection of the public health from radiation emissions from electronic products.***"

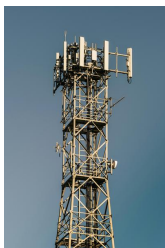

10 Challenges for Physicians on Health Effects from Wireless Technology from Physicians for Safe Technology

New Initiative by CHD

704 No More™ is a nationwide coalition effort to restore state and local control over cell tower and antenna siting by overturning Section 704 of the Telecommunications Act of 1996. Section 704 prevents local regulation of wireless infrastructure based on health and environmental effects. 704 No More™ advances its mission through strategic litigation, public education, grassroots mobilization, and legislative advocacy. **This June, 704 has formed a communications and a legal committee that will examine potential cases for litigation.**

ACTWireless, <https://x.com/actwireless>, is a registered lobby group run by the Cellular Telecommunications and Internet Association that portrays itself as grassroots has been pushing for auction authority without addressing health hazards.

INTERNATIONAL NEWS & ADVOCACY

How the [French ban of Iphone 12](#) kicked off a European clean up of the phone providers and how the patch fix to Iphone 12 was not enough.

Subtitled interview with the Chairman of the Russian National Committee for Protection against Non-ionizing Radiation, [Oleg Grigoriev](#), who ordered all cell phones banned from Russian schools. The ex member of the World Health Organization's EMR/Cancer research team explains why the data had to be suppressed (Min.28)

India: Trying to balance radiation limits with Telecom tower efficiencies, loosened their [SAR standards this year](#).

BILLS TO WATCH! FEDERAL BILLS FROM THE LAST CONGRESS -- THAT ARE BEING RE-INTRODUCED THIS CONGRESS...

HR 2552 / S 1197 – Community BB Act introduced by Sen Mike Lee – removing barriers to bb deployment, that local leaders to protect local input – do not short circuit local input into this effort.

18 Federal bills introduced (see attached list for more bills)

HR 339 Introduced by Rep. Crenshaw (TX) to add wireless antennas on any structure (includes buildings, schools, cell towers) without consent

HR278 expands cell towers to “improve” service, w/o consent

HR 279 Introduced by Rep. Griffith (VA) expands federal preemption over local government without consent by adding antennas to “improve” service

HR 471 Introduced by Rep. Westerman (AR) Pilot program to use 5G to supposedly detect wildfires even though cell towers have caused wildfires – PASSED THE HOUSE

HR1455 taxpayer subsidies to wireless industry

HR 1541 Collocation of more wireless antennas exempt from environmental review

HR1617 Streamline or override local requests for modification of telecom infrastructure

HR1618 “precision ag” which will harm crops, livestock and microbiome

HR1655 Eliminate environmental review in repairing telecom infrastructure following disasters or emergency

HR1709 cybersecurity study explicitly excludes 5G, the most insecure wireless network

HR 1836 Accelerate deem granted applications under 6409

HR1870 Encourages digital relining; reallocates Bead money to wireless.
